## Packaging personalization

Thanks to the use of different decorative techniques, we can guarantee our customers that their jar will be recognizable and unique:

• hot stamping • silk printing • pad printing • labeling • dyeing

## WE WILL PREPARE YOUR GRAPHIC DESIGN

Order the print design using selected technologies:  
**SCREEN PRINTING • PAD PRINTING • HOT STAMPING**

Do you have an idea for a product but you don't have print project?

Contact us and order a designing service!

Wait for a project add your comments and order final product!

Enjoy your new packaging with your customized print!

### CERTIFICATES

Our packagings feature top quality and standards, proved by the following certificates:

- Quality Assurance Certificate ISO 9001:2015
- Environmental Management Certificate ISO 14001:2015
- ISO Certificate 15378:2017 Primary packaging materials for medicinal products -- Particular requirements for the application of ISO 9001:2008, with reference to Good Manufacturing Practice (GMP)
- BRC Certificate - Global Standard for Packaging and Packaging Materials Issue 5
- Certificate of the National Medicines Institute

ISO 15378:2017

BRC

- 100% qualified supply base
- Suppliers are audited and subject to BRC PM evaluation system
- We provide 100% traceability of direct materials used in our production

### MODERN FACTORY AND MACHINERY PARK

## About us

The Polipack company was established in 1992 in the village of Gościcino in northern Poland. We have been specializing in the manufacture of high quality PP, PET and PE packaging for cosmetics, pharmaceuticals and supplements for 28 years, in volumes ranging from 5 ml to 8 l. Our company is developing dynamically and we have an advanced stock of machines enabling us to carry out complex projects.

Our modern equipment is central to our manufacturing processes. Our packaging is made both according to our own designs and according to our customers' individual orders — we also use both our own and entrusted moulds. New packaging designs are introduced every year. Our machine stock enables us also to provide overprints prepared using screen printing and multi-colour pad printing methods, as well as hot fusion film inlays on flat, cylindrical and oval surfaces on all the packaging we offer. Thanks to our decorations, your product will stand out from the rest – it will be easily distinguishable, identifiable and original.

Our wish is for the Polipack brand to be a synonym of the highest quality for our customers. Consistently we realize the vision of the business progress manifesting itself in the motto:  
**THE PACKAGING CO-CREATES THE PRODUCT.**

## Trade shows, conferences in Poland and abroad

INTERPACK (Dusseldorf), ROSUPAK (Moscow), COSMOPACK (Bologna), PCD (Paris), VITAFOODS (Geneva), PLMA (Amsterdam and Chicago), Cosmetic Business (Warsaw and Munich), Five (Warsaw)

**ISO**

We hold the ISO 14001:2015 Environmental Management certificate.

We heat our premises with renewable energy from the ground or with heat recovered from cooling our production equipment, compressors and ventilation.

We use drinking water from the water system, using the e-spring treatment system.

Our production process and the method of processing PP, PE and PS involve 100% technological recovery.

Our waste from PET processing is 100% recycled and is used to produce clothes and multi-layer foil.

We protect our forests by using 100% biodegradable cardboard pallets, which are free of any splints and nails.

90% of our documents are circulated in electronic versions.

We segregate our waste and use a closed process water circulation system.
